Achieve with us.

Good Afternoon,

As you know, the community response to COVID-19 continues to evolve, and we at The Arc Mid-South wanted to let you know the additional measures we are taking. As of March 23rd, our staff members are working remotely, with exception for some critical services. The current plan is effective through March 30th, with management staff continuing to monitor and adjust as needed. The Arc Mid-South's main office is closed to the public at this time, but available to our onsite team members.

Our dedicated staff are available by phone and email. Administrators and advocates will be reaching out to clients weekly. We look forward to again providing a full range of in-person, evidence based, high quality services for individuals with intellectual and developmental disabilities.

Everything we do is for the individuals we support, families, community partners, and caregivers with the support of generous people like you. If you would like to help with a financial gift, contact our Marketing and Events Coordinator Lee Southard at lsouthard@thearcmidsouth.org or Executive Director Carlene Leaper at cileaper@thearcmidsouth.org or please call (901) 327-2473. Thank you to everyone who supports The Arc Mid-South and our continuing mission of "Empowering individuals with intellectual and developmental disabilities to achieve their full potential".

Sincerely,

Carlene Leaper

Executive Director

The Arc Mid-South
